

Managing Safely – IOSH Training course for Managers and Supervisors.

This flexible four-day certificated course is nationally recognised and will deliver in detail the knowledge and tools for you to tackle health and safety issues in your specific environment. It is suitable for managers and supervisors in every sector and in any organisation.

Managing safely introduces a completely new approach to health and safety training. It is a face-to-face interactive course covering all the management basics with first class technical content based on what you really need to know to conduct your business.

Duration: 4 days learning with the completion of practical assignment in addition.

Syllabus:

Managing Safely covers:

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance

Certification

Successful delegates are awarded an IOSH Managing Safely certificate, which is valid for life. However, it is recommended that those holding a Managing Safely certificate should undertake a refresher course within three years of completing their training.

Numbers

A maximum of 20 learners. However, we recommend, that in order to maximise learning, that the group is no more than 12 for this course.

Managing Safely

Every manager needs an understanding of their safety and health responsibilities. Managing Safely is unlike any other course. You'll find a practical programme, full of step-by-step guidance, and a sharp business focus. But you'll also find that the highly innovative format and content engages and inspires your staff – critical to getting safety and health embedded across the whole organisation.

Managing Safely – IOSH Training course for Managers and Supervisors.

Who is Managing Safely for?

Managing Safely is designed for managers and supervisors in any sector, and any organisation worldwide. They won't suddenly become safety experts – but they'll get up-to-speed on the practical actions they need to take, and gain the knowledge and tools to tackle the safety and health issues they're responsible for. Importantly, Managing Safely makes a powerful case for safety and health being an integral part of day-to-day management and business.

What does the business get?

- Peace of mind from training that's designed and quality- controlled by the Chartered body for safety and health professionals, IOSH
- Flexibility – the programme can be delivered flexibly so that it suits your business
- Efficient and effective learning – health, safety and environmental basics are covered in a single programme
- Globally- recognised, respected and certificated training for your managers and supervisors
- Memorable and thought-provoking facts and case studies from across the globe help drive the points home over the whole course. Each module is backed by crystal-clear examples and recognisable scenarios, and summaries reinforce the key learning points.

What results can I expect?

- Greater productivity, from fewer hours lost due to sickness and accidents
- Improved company-wide safety awareness culture and appreciation of safety measures
- Active staff involvement to improve the workplace
- Enhanced reputation within your supply chain

A one-day Managing Safely Refresher course is available to delegates who have already completed the full Managing Safely course.
