CELTS
GROUNDWORK
NORTH WALES

Brings the National Curriculum to life

Celtic Heritage and Culture - Giving KS1 and KS2 learners an opportunity to explore various aspects of life, society art and culture in a fun and all-inclusive way.

Groundwork North Wales have over 20 years of experience in providing curriculum rich education programmes and are experts in holistic teaching.

CELTIC HERITAGE & CULTURE is our most successful school programme working with over 100 schools in 2015/16.

We are now excited to be able to offer this programme as an outreach provision to schools in North West Wales.

Your class will follow the story of our Celtic leader in full costume, on their mission to find their lost chief and village.

Described and inspired through storytelling and artefacts the children will themselves become fully costumed Celts and trained in the art of making clay thumb pots, material on looms and Celtic shield designs.

During a full day children will also be taken outside and taught how hunt or fight with training spears and discover the day's hidden message by learning and reading the ogham alphabet.

'A big thank you for all you taught me. I know a million more things than I did before about the Celts'
Ruby, Aged 8

Activities and Curriculum Links

- Begin to develop an understanding of early British history with creative storytelling of Iron Age settlements and Celtic village life.
- Celtic fancy dress and role play to encourage active multisensory learning, empathy and teamwork.
- Key words are brought to life with artefacts, the ogham alphabet and demonstrations with the scene set during our Celtic storytelling.
- Pupils express their creativity and explore symmetry and natural materials. Learners create Celtic thumb pots, design war shields, and help make Celtic clothes.
- Pupils explore the seasons making comparisons between the Celtic way and the modern way of doing simple things, like food and heating.
