Charity No: 1004132

**Our Green Communities programme supports local volunteering and developing community champions. The programme will recruit new volunteers to enhance green spaces and reconnect local people with their local area.**

**Green Communities is part of the We Care project supporting pride in local communities and the environment.**

The programme will develop an ongoing long term volunteer team as well as offering one off workshops, events and volunteering opportunities for the wider community.

We want to help improve confidence, self-esteem, health and well-being and make spaces greener and cleaner.
