

Working Safely – IOSH Training course for employees

Description

This certificated course is nationally recognised and will deliver an understanding of the essentials of health and safety and the importance of safe working. It is suitable for people at every level in any sector or organisation.

Working Safely focuses on why health and safety is important and how you can make a real difference through changing behaviour. It is a face-to-face interactive course which is supported by superb quality animated graphics which make the presentation entertaining and highly memorable.

Working Safely meets the UK Government's guidelines for introductory health and safety training and it entirely matches the Health & Safety Executive's 'passport' syllabus. Recognised by CSCS as an equivalent to a Level 1 Award in Health and Safety in a Construction Environment.

Working Safely

Working Safely is a completely different approach to safety and health training. It's a high-impact programme designed to be fun and get people fully involved. The first-class, jargon-free content is based on what people need to know in practice, and not off-putting legal language.

Who is Working Safely for?

Working Safely is for people at any level, in any sector worldwide, who need a grounding in the essentials of safety and health. It gives everyone at work an understanding of why they must 'work safely' – and does it in an enjoyable way.

What does the business get?

- Peace of mind from training that's designed and quality-controlled by IOSH – the Chartered body for safety and health professionals
- Minimal disruption to working days and shifts – the programme is delivered in just one day, including the assessment
- Efficient and effective learning – health, safety and environmental basics are covered in a single, self-contained session
- Globally-recognised, respected and certificated training for its staff
- Memorable and thought-provoking facts and case studies from around the world, to help reinforce learning throughout the course. Each module is backed by scenarios from genuine work situations. The course includes interactive games and quizzes, helping delegates to learn in a refreshingly informal way.
